Samuel Louie, M.D.

Philosophy of Care

The treatment of lung diseases and disorders may be impersonal, but the care of the patient must be completely personal. UC Davis Health System promotes patient-physician partnerships that are founded on clear communication, mutual respect and earned trust. I will listen carefully and be your partner in the quest for an early and correct diagnosis of your problem(s). Empathy, to me, is not an occupational hazard. It makes a difference who is taking care of us when we are ill, and who will help us navigate the health-care system when we need it. Are you ready?

Clinical Interests

Dr. Louie directs the UC Davis Asthma Network (UCAN) and the ROAD Center. ROAD (Reversible Obstructive Airway Diseases) includes COPD and the Asthma-COPD Overlap Syndrome. His research interests include asthma, chronic obstructive pulmonary disease, pulmonary rehabilitation and clinical outcomes in chronic disease management.

Title

Professor
Director, UC Davis Asthma Network (UCAN)
Director, Reversible Obstructive Airway Disease (ROAD) Center

Specialty

Internal Medicine, Pulmonary and Critical Care

Department

Internal Medicine

Division

Pulmonary and Critical Care Medicine
