Nasim Fazel, D.D.S., M.D.

Clinical Interests
Nasim Fazel has a special interest in the medical management of intraoral mucous membrane disease and soft-tissue pathology, including aphthous ulcers, burning mouth syndrome, oral lichen planus, oral vesiculobullous disease (e.g., pemphigus and pemphigoid), and oral manifestations of systemic disease. Her background in dentistry gives her a special insight into the pathophysiology of these conditions.
