
Nancy Jaeger, M.D.

Philosophy of Care

I believe in a mutual partnership with patients. My primary focus is preventive care, while being the patient's cheerleader as he or she strives to his or her goal. I like to keep patients up-to-date on yearly requirements, and results are mailed as soon as they become available after labs or imaging are done; soon these will be available on-line.

I am fluent in Spanish after attending elementary school in Argentina. Also as a spouse of an Air Force flyer, I have travelled the country and attended the University of Oklahoma for Medical School as my husband participated in his active duty assignment in Altus, Oklahoma.

Coming back to do my residency at UC Davis was coming back home for me; the Sacramento area is where my immediate family resides, and it is also where I attended junior high, high school and undergraduate school, and where I plan to stay.

Clinical Interests

Dr. Jaeger does some minor procedures and enjoys seeing patients of all ages.
