2011-12 School of Medicine, Academic Personnel Deadlines
Promotions, Merits, Appraisals, Deferrals, and Five-Year Reviews

The following deadlines have been established for submission of review dossier to the School of Medicine Dean’s Office, Academic Personnel. Please note that deadlines will be strictly enforced.

- Per order of the Vice Provost, no extensions will be granted for any accelerated actions, for any reason.
- No extensions will be granted for any other action without strong, written justification from the Department Chair to the Associate Dean of Academic Personnel prior to the deadline for the action.
- Deferrals are due at the same time the action is due to be submitted.
- If this is an action that does not require a formal deferral, the department is still required to provide an email or hard copy of a note from the department chair indicating that the candidate has decided not to pursue an action this year, i.e. merit to Professor, Step V or above.
- All Five-Year reviews are due at the same time the action is due to be submitted.
- Appraisals and Five-Year reviews may not be deferred.
- Lecturer Merits: Dossiers for lecturer merit actions are due in the Dean’s Office one quarter before the effective date of the action in order to allow enough time to review the action and make a decision prior to the effective date of the merit.

All personnel actions are to be processed through MyInfoVault for the 2011-12 year.
