“Can Vitamins Prevent Age-Related Cognitive Decline?”

Dr. Joshua Miller

Thursday, June 29, 2017
UC Davis MIND Institute
6:00 – 7:00 p.m.

Dr. Miller is Professor and Chair of the Department Of Nutritional Sciences in the School of Environmental And Biological Sciences at Rutgers, The State University of New Jersey. His research focuses on the influences of B vitamins and related metabolites on cognitive function and risk of Alzheimer’s disease and dementia in older adults.

Dr. Miller’s presentation will review evidence that certain vitamins (folic acid, vitamin B12, vitamin B6 and vitamin D) can slow or prevent age-related cognitive decline.

UC Davis MIND Institute Auditorium
2825 50th Street
Sacramento, CA 95817
