

## UCDHS

### Standard Operating Procedures for Clinical Research

#### TABLE OF CONTENTS

100	Administrative Management (AM)
101	Standard Operating Procedure on SOPs
102	Training and Development Requirements
103	Roles and Responsibilities of the Research Team
104	Essential Documents
105	Laboratory Procedures Training
106	Pre-study Site Visits
200	Regulatory Management (RM)
201	Clinical Trial Regulatory Overview
202	Introduction to IRB Administration
203	New Submissions
203.1	Description of Study
203.2	Consent
204	Study Activation
205	Renewals
206	Response to IRB Concerns
207	Modifications, Amendments and Revisions
208	Study Closure
209	Sponsor Monitoring Visits
210	Federal, Regulatory and Sponsor Audits
300	Participant Management (PM)
301	Informed Consent Process
302	Participant Enrollment
303	Scheduling
304	Study-Related Procedures
305	Participant Research Record
306	Specimen Management
307	Unanticipated Adverse Events
308	Data Management

**\*Acknowledgements:** Special thanks to the UC Davis Cancer Center's Clinical Trials Support Unit, for use of their SOP templates, and to the UC Davis Clinical and Translational Science Center's SOP Advisory Panel: Nancy Fitch, Caren Galloway, Rayanne Hildreth, Mary Beth Lawless, Christy Pifer, Daniel Redline, Martha Robinson, and Monica Steinhart.
