

PEDIATRIC TELEHEALTH COLLOQUIUM

October 23-24, 2017

TUITION SCHOLARSHIP INSTRUCTIONS

Individuals may apply for tuition scholarship using the application form below. Individuals must be from organizations within California, meet one of the following criteria and provide supporting documentation. Scholarships are awarded on a first-come first-served basis and will be limited to one individual per organization. PLEASE NOTE: Scholarships will continue until the allocation of funds is expended.

- A public or nonprofit medical facility or other public facility that has been designated as a health professional shortage area (HPSA) or serves a geographic area or population group that has been designated as a HPSA or a medically underserved population as defined by the Public Health Services Act.
- An area, population or public or nonprofit medical facility that has been determined by a responsible federal or state agency (e.g. CA Office of Statewide Health Planning and Development) as having a significant need for particular health care service that is not being adequately met by existing resources in its service area.
- A public or nonprofit medical facility that demonstrates it serves a medically or financially underserved population that is not being adequately met by existing resources.
- A public California education institution.

Registration for the course will be held until the application and supporting documentation is approved or payment is received.
