MIND SUMMER INSTITUTE ON NEURODEVELOPMENTAL DISORDERS • FRIDAY, AUGUST 3, 2018

7:30  Registration, Continental Breakfast, Visit Resource Tables

8:30–8:45  Welcome, Review of Objectives  
Robin L. Hansen, MD, Course Chair, Professor, Department of Pediatrics  
Director, Center for Excellence in Developmental Disabilities at the MIND Institute

8:45–10:00  Keynote Presentation/General Session: Getting SMARTer About Personalizing Interventions for Children with ASD  
Approximately 30-40% of children with autism spectrum disorder (ASD) remain minimally verbal, even after receiving years of interventions and a range of educational opportunities. New innovations in behavioral treatment include methodologies that personalize intervention based on child response. In this talk we describe the application of these new methods, called Sequential Multiple Assignment Randomized Trials (SMARTS), to minimally verbal children with ASD.  
Connie Kasari, PhD and Tristram Smith, PhD

10:00–10:30  Break, Move Into Breakout Sessions

10:30–12:00  Breakout Sessions

1  EARLY INTERVENTION/EARLY ID  
Neural Biomarkers for Autism Risk  
This presentation will provide evidence for early biomarkers of autism risk. Two potential brain-based biomarkers will be discussed: elevated extra-synaptic cerebrospinal fluid during infancy and rapid head and brain growth during the first years of life.  
Christine Nohrdahl, PhD

2  SCHOOL AGED  
Using Implementation Research to Influence Policy and Practice  
Efforts to improve policy and practice for students with autism often focus on what services are delivered, staffing, and issues related to inclusion. While these issues are of critical importance, they do not address the central question of how to ensure that high-quality education and interventions are delivered to students at sufficient intensity and duration. In this session, we will explore how to develop policies and practices that focus on quality of care and outcomes, rather than on where care is delivered and who delivers it.  
David S. Mandell, ScD

3  TRANSITION/ADULT  
From School to What? Strategies for Transition Assessment and Planning  
This interactive workshop will provide an overview of the steps needed to help youth with disabilities plan and prepare for the transition from school to adult roles. Participants will use case studies to review and practice using transition assessment and planning strategies.  
Lauren Lindstrom, PhD, and Patrick Dwyer

4  FAMILY FOCUSED  
Visual Supports and Social Narratives: Strategies for Supporting Positive Behavior in the Home and Community  
Participants will learn about two evidence based practices (Visual Supports and Social Narratives) that can be used to support positive behavior in the home and community. In addition, a guided make-and-take will be offered following the session in which participants can develop an individualized set of visual supports to take with them.  
Amber Fitzgerald, MA, BCBA

12:00–1:00  LUNCH [included in tuition] LEND Showcase and Community resource tables open

1:00–2:30  Breakout Sessions

5  EARLY INTERVENTION/EARLY ID  
Reducing Disparities in Accessing and Using Services Within the Regional Center System  
Data suggest that people of color typically receive less support from governmental and other social services agencies than Whites. Race and class-based constraints, along with social vulnerabilities, create barriers to accessing services. In order to resolve disparities in the regional center system, we must look at increasing cultural capital and supporting the use of cultural brokering as a path to equity. This panel will share information about the response of regional centers to the issues and challenges of access and equity.  
Elizabeth Morgan, EdM, Carlos Hernandez, Helen Thomas and Larry Witherers

6  SCHOOL AGED  
ADHD: A Review of the American Academy of Pediatrics (AAP) Treatment Guidelines and Available Resources for Families and Providers  
This presentation will discuss the AAP treatment guidelines for children with ADHD. Evidence based treatments for ADHD will be highlighted. Finally, several resources for clinicians and families will be demonstrated to help improve access to evidence based information about ADHD.  
Danielle Scholze, MD

7  TRANSITION/ADULT  
Competitive Integrated Employment Blueprint — Real Work for Real Pay in the Real World  
Representatives from the California Departments of Education, Rehabilitation, and Developmental Services will provide an overview of the Competitive Integrated Employment (CIE) Blueprint, aimed at increasing CIE opportunities for individuals with intellectual disabilities and developmental disabilities, discuss Blueprint implementation efforts and expected outcomes, and identify the ways local partners are working together through Local Partnership Agreements.  
Olivia Reynor, PhD, Brian Winfield, Peter Harsch, Jennifer Bianchi

8  FAMILY FOCUSED  
Brothers and Sisters of People with Disabilities: Unique Concerns, Unique Opportunities  
During this large-group discussion participants will learn about the concerns and opportunities frequently experienced by siblings of people with disabilities. Participants will also learn what researchers, clinicians, and siblings themselves say about growing up with a brother or sister who has a disability. Implications for parent support networks will also be covered.  
Don Meyer

2:30–2:45  BREAK

2:45–4:15  Breakout Sessions

9  EARLY INTERVENTION/EARLY ID  
What’s New in Early Intervention for ASD?  
This talk will update the audience on new findings, new methods, and new models for intervening with children with ASD risk or diagnosis in early intervention age range. Recent published studies of interventions from multiple frameworks and theories that address various aspects of development or symptoms of ASD will be described and implications for community practice will be highlighted.  
Sally J. Rogers PhD

10  SCHOOL AGED  
All Means All: Equity and Access for All Students Through an MTSS Framework  
The California Scale-Up MTSS Statewide Initiative is seeking to implement a Multi-Tiered Systems of Support (MTSS) framework throughout California in order to better prepare our students for college, career and life success. This statewide collaboration is led by the Orange County Department of Education in partnership with the California Department of Education, Butte County Office of Education, and the SWIFT Educational Center. MTSS focuses on the whole child through: academic supports, social emotional learning, and behavior systems.  
Christine Olimstead, EdD

11  TRANSITION/ADULT  
Understanding the Challenges of Young Adults with ASD in Transition Using Innovative Social Network Analysis Approaches  
Young adults on the autism spectrum face substantial barriers related to their communication and social interaction as they transition to adulthood. Improving social networks for youth with ASD and their supporters can provide an important safety net that can bridge the “collaboration cliff” youth face during transition. To improve the coordination of supports across the life course, we require new approaches that can track collaboration across settings and enable team members to identify gaps and opportunities for collaboration to reach desired outcomes. Participants will be introduced to social network approaches to measure support networks during transition among young adults, their parents, friends, school staff, community members and professional providers who provide interventions for people on the autism spectrum.  
Elizabeth McGhee Hassrick, PhD

12  FAMILY FOCUSED  
Support and Advocacy for Families of Culturally and Linguistically Diverse Communities  
Session 2:45 - 3:45  
Although autism and development disabilities impact families across ethnicity and culture, there are differences in how various cultures view and treat disability. There also exist different sets of challenges related to stigma, community and extended family acceptance and support and a host of other factors that may contribute to a unique context for families who have a child with a disability. Leaders of parent support networks will share their insights and perspectives on ways to best support and advocate for their culturally and linguistically diverse communities.  
EunMi Cho, EdD, Chioka Grevious, Maribel Hernandez, April Qian

3:45 - 4:15  ice cream social on Alumni Patio

4:15  ADJOURN

**COURSE CHAIR**
Robin L. Hansen, MD  
Professor, Department of Pediatrics  
Director, Center for Excellence in Developmental Disabilities at the  
MIND Institute  
MIND Institute / UC Davis

**GUEST FACULTY**
Jennifer Bianchi  
Education Consultant  
Special Education Division  
California Department of Education

EunMi Cho, EdD  
Professor, CSU Sacramento College of Education Teaching Credentials – Special Education Program Coordinator: Mild/Moderate (M/M/Mod)  
California Department of Rehabilitation

Elizabeth McGhee Hassrick, PhD  
Assistant Professor  
Life Course Outcomes Research Program  
UCLA University

Don Meyer  
Director  
Sibling Support Project

Carlos Hernandez  
Cultural Specialist  
Valley Mountain Regional Center

Connie Kasari, PhD  
Professor, Human Development & Psychology  
Center for Autism Research & Treatment  
Department of Psychiatry, UCLA Semel Institute

David S. Mandell, ScD  
Professor and Director  
Center for Mental Health Policy and Services Research  
University of Pennsylvania, Perelman School of Medicine

Christine Olmstead, EdD  
Associate Superintendent  
Orange County Department of Education

Olivia Reynor, PhD  
Director, Taji Foundation  
Adjoint Professor, Psychiatry and Biobehavioral Sciences  
UCLA Semel Institute

Tristram Smith, PhD  
Hoagland-Friedman Professor of Developmental/Behavioral Pediatric Research  
University of Rochester Medical Center

Helen Thomas  
Cultural Specialist  
Alta California Regional Center

Brian Winfield  
Deputy Director  
Community Services Division  
California Department of Developmental Services

Larry Withers  
Associate Director of Client Services  
Far Northern Regional Center

**CONFERENCE COORDINATOR**
Gwenn Welsch  
CME Specialist  
Office of Continuing Medical Education  
UC Davis Health
TARGET AUDIENCE
This activity is designed for health care professionals, educators, therapists, self advocates and families/caregivers including physicians, nurses, nurse practitioners, physician assistants, psychologists, occupational therapists, speech and language pathologists, behavior therapists, licensed clinical social workers, marriage and family therapists, special educators, general educators, and school administrators.

EDUCATIONAL NEED
The institute is intended to help participants keep pace with the latest in evidence based treatment, public policy and research on neurodevelopmental disorders and the implications for best practices in prevention, assessment and treatment. The focus is inter-disciplinary and across the lifespan. Conference participants will learn: 1) Current Research on identification and treatment of Autism and other Neurodevelopmental Disabilities 2) Public Policy and Changes to Laws, Regulations and Funding for persons with ID/DD 3) Use of effective, evidence based practices for supporting and providing treatment to individuals with Autism and ID/DD 4) Access to care and advocacy to assist low resource families and communities. This year’s institute will feature speakers from within the UC System and experts from the UC Davis MIND Institute as well as from other organizations, including the Autism Intervention Research – Behavioral (AIR – B) network who will share research, policy information and advocacy skills and strategies with the audience.

EDUCATIONAL OBJECTIVES
At the end of the activity, participants should be able to:
• Explain policy changes and initiatives that are taking place related to disabilities and the potential impacts of new policies on services for people with disabilities and their families.
• Discuss the most current research findings related to early identification and treatments of neurodevelopmental disabilities and autism.
• Describe evidence-based practices and interventions that are established and emerging in neurodevelopmental disabilities.
• Identify and advocate for appropriate services and supports in their communities.

CONFERENCE REGISTRATION
Please register early – space is limited.
Tuition is $220 for Health Care and Other Professionals, $125 for Students (no credit), $125 for Parents/Caregivers/Self Advocates (no credit), $200 for two Parents/Caregivers registered together (no credit). Confirmation of registration will be sent within two weeks after receipt of registration form. The fees will increase after July 13, 2018.

A limited number of family scholarships are available, complete survey to apply (click, or copy and paste the following link into web browser): http://bit.ly/2HmzU8P

Tuition includes continental breakfast, refreshment breaks, lunch, electronic syllabus, and an online certificate of attendance. Tuition may be paid by check, American Express, Discover, MasterCard or VISA. Cash is not accepted. The Office of Continuing Medical Education reserves the right to cancel this conference. In such a case, a full refund will be given.

Registration forms received without payment will not be processed until payment is received, and payment must follow within 10 days. Early discount rates are honored if payment is received by the date noted on the registration form. After that date, the late fee is applied.

Cancellation and Refund Policy: A refund of tuition, less $75 administrative fee, will be allowed if requested in writing by July 13, 2018. No refunds will be provided after this date.

ACCREDITATION
University of California, Davis, Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION
Physician Credit: University of California, Davis, Health designates this live activity for a maximum of 6 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits™ acceptable for other health care providers

American Speech-Language-Hearing Association Certification: Individuals must request permission from ASHA to use this credit to satisfy continuing professional development requirements. For more information: http://www.asha.org.

Board Certified Behavior Analyst: This educational activity can be used for Type 3 CEUs according to the Behavior Analyst Certification Board (BACB) (self-reporting required). https://bacb.com/continuing-education/

Nurse: For the purpose of recertification, the American Nurses Credentialing Center accepts AMA PRA Category 1 Credits™ issued by organizations accredited by the ACCME. For the purpose of relicensure, the California Board of Registered Nursing accepts AMA PRA Category 1 Credits™ (report a maximum of 6 hours of credit and fill in “CME Category 1” for the provider number).

Physician Assistant: The National Commission on Certification of Physician Assistants (NCCPA) states that AMA PRA Category 1 Credits™ are acceptable for continuing medical education requirements for recertification.

Psychologist: You may petition the California Board of Psychology for CE credit for this activity. Please see http://www.psychology.ca.gov/licensesce_reporting_form.pdf for details.

Speech and Language Pathologist: Course meets the qualifications for 5.75 hours of continuing professional development credit for Speech-Language Pathologists as required by the California Speech-Language Pathology and Audiology and Hearing Aid Dispensers Board. Provider No. PDP369

ELECTRONIC EVALUATION AND CREDIT
The link to your electronic syllabus, evaluation and certificate of credit will be available for 30 days after the last day of the conference. Once you have completed the online evaluation, your certificate will be available to print. After 30 days, the link will expire and these items are no longer available online; you must contact the Office of CME to receive your certificate and a $15 administrative fee will be applied.
LOCATION
UC Davis Conference Center
550 Alumni Lane
Davis, CA 95616
http://bit.ly/1NaLPP7

PARKING
Park in the South Entry Parking Structure, Lot VP 1 or Lot VP 2. Parking is $9 and is not included in conference registration fee.

HOTEL ACCOMMODATIONS
Hyatt Place UC Davis
173 Old Davis Road Extension
Davis, CA 95616
(530) 766-9500
http://ucdavis.place.hyatt.com
The Hyatt Place UC Davis is the closest hotel to the campus. We do not have special rates. You may call the hotel directly if you require overnight accommodations.

DRIVING DIRECTIONS
From I-80 West (San Francisco):
• Take I-80 East toward Sacramento.
• Exit the UC Davis exit #71 (just after the HWY 113 interchange).
• Turn left at the stop sign onto Old Davis Road.
• Continue straight past the information booth.
• Turn right onto Hilgard Lane (immediately after the Mondavi Food and Wine Institute buildings) and park in either the structure or the parking lot.
• The Conference Center is east of the Vanderhoef Quad from the Mondavi Performing Arts Center at the corner of Old Davis Road and Alumni Lane, and the Alumni Center is on the north side of the Quad.

From I-80 East (Sacramento):
• Take I-80 West toward San Francisco.
• Exit the UC Davis exit #71 (after the Richards Blvd. exit)
• Turn right at the stop sign onto Old Davis Road.
• Continue straight past the information booth.
• Turn right onto Hilgard Lane (immediately after the Mondavi Food and Wine Institute buildings) and park in either the structure or the parking lot.
• The Conference Center is east of Vanderhoef Quad from the Mondavi Performing Arts Center at the corner of Old Davis Road and Alumni Lane, and the Alumni Center is on the north side of the Quad.
