

REGULARY SCHEDULED SERIES (RSSs)

DID YOU KNOW?

Effective immediately, a new CME Program Evaluation is required to be used on all RSSs (Grand Rounds) in order to obtain CME Category 1 Credit. The new evaluation is available on our website at cme.ucdavis.edu.

This requirement is in response to California Assembly Bill 1195 which requires CME activities with patient care components **to include curriculum in the subjects of cultural and linguistic competency. This bill was developed to meet the cultural and linguistic concerns of a diverse patient population through appropriate professional development.**

Effective immediately, the Cultural Competency Resource Handout must be displayed at all RSSs.

Travece Lè Tourneaux, the RSS Coordinator, will be scheduling a time to meet with department coordinators to review the new requirements.
