OUR PATH FORWARD

For more information on the new 2017-2020 UC Davis Health strategic plan and the individual objectives associated with the goals at left, visit ucdmc.ucdavis.edu/strategicplan

UC Davis Health System
is now

UC DAVIS
HEALTH

Our new name better captures what we're all about: advancing health and well-being here in California and across the nation through the expertise, discoveries and technology of a world-class university.

Our academic health system includes:

- UC Davis Medical Center
- UC Davis School of Medicine
- Betty Irene Moore School of Nursing at UC Davis
- UC Davis Medical Group

UC Davis health research encompasses basic-science, translational and clinical studies, with an emphasis on collaboration and on improving health for individuals, communities and populations.

External research funding

\$272 million
in 2016

Confronting major health threats:

- Comprehensive Cancer Center: One of 47 U.S. cancer centers designated “comprehensive” by the National Cancer Institute
 - MIND Institute: one of 15 NIH-funded Intellectual and Developmental Disabilities Research Centers
 - Alzheimer’s Disease Center: 30 years of continuous support from the National Institute on Aging
-

36 clinical trials using stem cells (ongoing, planned or completed) at the UC Davis Institute for Regenerative Cures

Research areas at the Betty Irene Moore School of Nursing at UC Davis:

- Chronic disease management
- Health technology
- Pain management
- Population health
- Quality improvement

Improving health **for all:**

- Center for Reducing Health Disparities
- Center for Healthcare Policy and Research
- Institute for Population Health Improvement
- Center for Health and Technology

Clinical and Translational Science Center-supported investigators have published **1,300+ papers** in **500+ journals** that have been **cited 34,000 times**

Research partners:

- Federal and state governments
- Private industry
- Venture capital and entrepreneurs
- Nonprofits
- UC Davis and UC colleagues
- **Philanthropic foundations and individuals**

Philanthropy impact:

Grateful patient Ernest E. Tschannen donated

\$38.5 million in gifts and pledges to UC Davis Eye Center, making him the largest individual donor in the university's 108-year history

Education

Innovative interprofessional education at UC Davis prepares the health care workforce of tomorrow with the skills and values needed to lead change and improve health for all.

Faculty, alumni and community mentors preparing primary care physicians to **help the underserved**:

- Rural-PRIME (Programs in Medical Education)
- SJV PRIME
- TEACH-MS (Transforming Education and Community Health for Medical Students)
- Prep Médico*
- ACE-PC* (Accelerated Competency-based Education in Primary Care)

*Partnerships with The Permanente Medical Group

Ranked among America's best

The UC Davis School of Medicine ranks among the nation's best in primary care and research

The Betty Irene Moore School of Nursing at UC Davis ranks among the nation's best for master's-degree nursing programs

Fall 2017

Projected opening for Betty Irene Moore Hall, which will house the School of Nursing's five graduate programs and support interprofessional health-science education

Philanthropy impact:

The Gordon and Betty Moore Foundation committed

\$100 million to nursing education at UC Davis

The new UC Davis Center for Advancing Pain Relief leverages scholars and scientists in medicine, nursing and other disciplines to improve quality of life for 100 million chronic pain sufferers

For more than 40 years, UC Davis students have **volunteered hundreds of hours a year** in free community clinics delivering care for underserved populations

Center for Health and Technology education programs:

- telehealth practice
- simulation education
- distance learning
