Research Participants Bill of Rights

- Be informed of the nature and purpose of the research
- Be given an explanation of all procedures to be followed and of any drug or device to be used
- Be given a description of any risks or discomforts, which can be reasonably expected to result from this research study
- Be given an explanation of any benefits, which can be reasonably expected to the subject as a result of this research study
- Be informed of any appropriate alternative procedures, drugs or devices that may be advantageous along with their relative risks and discomforts
- Be informed of any medical treatment, which will be made available to the subject if complications should arise from this research
- Be given an opportunity and encouraged to ask any questions concerning the study or the procedures involved in this research
- Be made aware that consent to participate in the research may be withdrawn and that participation may be discontinued at any time without affecting continuity or quality of medical care
- Be given a copy of the signed and dated written consent form
- Not be subjected to any element of force, fraud, deceit, duress, coercion or any influence in reaching the decision to consent or to not consent to participate in the research
Welcome
Welcome to the CTSC Clinical Research Center (CCRC)! Your participation in clinical research is essential to learning more about human health and disease. We thank you for your participation and are committed to providing you with an expert team of research nurses and staff. Please let us know if you have any questions or concerns about the research study or procedures involved.

Wireless Internet Access
Guest wireless service is available for patients and their guests at the CCRC. This service provides access to the Internet and social media only. Please note that the network is not secure or encrypted.

Location
Adjacent to the UC Davis Medical Center, the CTSC Clinical Research Center is located in the Cypress Building in Suite D. Cross streets are Stockton Blvd. and Colonial Way. Patients may be dropped off at the entrance of the Cypress Building on Colonial Way.

Prepare for your study visit
- It is crucial that you follow all of the instructions that the research physician or study coordinator gave you.
- Please ask if you need to “fast” before your study visit, as this is often an important part of research studies. Fasting means you can only drink water for up to 12 hours before your appointment.
- It is very important that you drink as much water as you need before your study visit so you stay hydrated.

Items to bring to your study visit
- List of current medications
- Insurance card and photo ID (even though you are here for a research study and may not be billed for the services provided.)
- Personal items such as wireless device, reading material, music, headphones, etc.
- Questions about the research study or procedures in which you are participating

Parking
Short-term parking is available in the lot in front of the Cypress Building. Metered parking rate is $2/hr.

Long-term parking (greater than 2 hrs.) is available in the lower level of Parking Structure #1. The parking rate is $2/hr., with a maximum of $12/day. Check with your study coordinator to see if parking validation is available for your study.
