WRITING A SUCCESSFUL GRANT PROPOSAL

Tuesday, May 1, 2018
9:00 am – 4:00 pm (lunch provided)
MIND Institute Auditorium
2825 50th Street, Sacramento

This workshop (designed for faculty, researchers and post-docs) will establish the strategies needed to develop successful grant proposals, both for individual and multi-investigator awards.

The Grants Facilitation Team will combine their multiple years of experience as researchers, authors, editors, manuscript reviewers, grantees, grant reviewers, NIH scientific review officer, NIH program officer, and patent holders to offer a one-day symposium on research grant writing.

More details will be provided as they become available.
