

# UC DAVIS WOMEN'S HEALTH SEMINAR

## OPTIONS for women with FIBROID DISEASE

- Painful, heavy periods?
- Pressure or fullness in the pelvic area?
- Frequent urination?

Learn from a panel of UC Davis specialists about your treatment options, including a new non-surgical alternative for the treatment of uterine fibroids. Covered by most insurance plans, this procedure involves no anesthesia, minimal recovery time and no scar.

**THURSDAY, JULY 30, 2009**

**5:30 – 6 P.M.** • Registration & refreshments

**6 – 7:30 P.M.** • Presentation

**Courtyard Marriott** • 4422 Y Street • Sacramento 95817
