

UCDHS Coding Education and Training Program

Library of Training CDs

For your convenience, CET has created a small library of *selected* CD Audio Seminars presented by AHIMA and other sources. If your department is interested in borrowing, for a maximum one-week period, any of the following sessions, please have your department manager/supervisor contact us to reserve the CD.

Currently available:

1. APC Update for 2007
2. Coding Documentation and Ethical Issues
3. ICD-9-CM 2007 Updates
4. Coding Clinic 2007 Updates

You will be supplied with a CD and the AHIMA web link to the handout materials.

AHIMA will grant CEUs for participation in the CD presentations, you must submit your own roster found in the handout packet.

The CET Program will be adding CDs as they become available. Please call for availability.

A calendar of CET's training sessions is available on our website at <http://www.ucdmc.ucdavis.edu/cet>
