

UC Davis Hospice Wish List

UC Davis Hospice provides care for terminally ill patients who wish to remain at home. Hospice care involves support for patients and their loved ones. It is not so much a place, but rather an approach to health care emphasizing symptom management while helping patients and families to cope with psychosocial and spiritual issues. UC Davis Hospice serves patients of all ages, including newborns and children, as well as adults.

During this time, many patients have needs that are not covered by insurance or cannot be purchased by the family. To meet this need, UC Davis Hospice has created the following list of items that can help a family in need. Contact Michele Steiner, associate director of development, at 916-734-9116 or michele.steiner@ucdmc.ucdavis.edu with questions. Purchased items are tax deductible and can be sent to:

UC Davis Hospice
