Represented Patient Care Technical Employees Receive Step Increase

Effective July 10, 2011, employees in the Patient Care Technical (EX) bargaining unit in non-per diem titles advanced to the next step in their salary range, up to the range maximum.

The step advancement will be paid in the August 3, 2011, biweekly paycheck.

The 3% across-the-board increase that had been slated for payment in January 2011 is still suspended, pending conclusion of UC-AFSCME negotiations regarding health plan premiums.

Questions can be directed to the Compensation Unit at 4-5009.
