Represented Nurses Receive 2% Range Adjustment

All represented nurse titles in the NX bargaining unit will receive a 2% range adjustment in September. The biweekly effective date is 9/5/10; the monthly effective date is 9/1/10.

The range adjustment will increase the value of each step in the salary range by 2%; therefore each nurse will receive a 2% salary increase.

Represented nurses will be paid their new adjusted rates in the September 29, 2010, biweekly paycheck (October 1, 2010, monthly paycheck).

Questions can be directed to the Compensation Unit at 4-5009.
