Research and Technical Unit Employees to Receive Lump Sum Payment

The current UC-UPTE contracts for the Research (RX) and Technical (TX) units provide that all RX and TX employees will receive a 0.5% (one-half percent) lump sum that will be paid in the June 8, 2011, biweekly paycheck.

The lump sum will be equivalent to 0.5% of each employee’s bargaining unit earnings for the period of October 16, 2010, through April 2, 2011. It will be considered “retirement eligible” compensation.

Employees who are on pay status (or approved leave) and in the bargaining unit on the date of payout will be eligible for the lump sum.

Questions can be directed to the Compensation Unit at 4-5009.
