Research Support Professional and Technical Staff (UPTE) to Receive $100 Lump Sum Payment

In resolution of two outstanding Unfair Labor Practice Charges filed by UPTE, involving information requested by the union during re-opener negotiations on the employee’s contribution to the UCRP and the employee premium for the Health Net HMO Plan in 2011, the union and the University agreed in part to issue a lump sum payment of $100 to eligible UPTE RX and TX members.

Eligible career employees will receive a one-time non-base building lump sum payment of $100. The lump sum is considered non-base building, non-retirement-eligible compensation. To be eligible, career employees must have been employed in the Research Support Professional or Technical Staff bargaining unit on January 23, 2012, and remain in the unit until payment is made.

It is anticipated that the lump sum payment will be issued on the May 23, 2012 paycheck for biweekly paid employees and June 1, 2012 for monthly paid.

Questions can be directed to the Compensation Unit at 734-5009.
