For UC Davis Health System employees:

In past years, partial financial support was provided for a limited number of UCDHS employees who were accepted into the Sacramento MBA Program. The Graduate School of Management and UC Davis Health System have reevaluated this program and for 2015 will be awarding scholarships to selected UCDHS employees enrolled in the Sacramento MBA Program. It is anticipated that five scholarships will be awarded each academic year at an amount of approximately $10,800 per recipient/year (renewable for up to three years), which is about 40% of student fees.

Health System employees interested in the scholarship program should apply by May 20, 2015 and submit completed applications to Abigail Carroll. Scholarship recipients will be notified by June 24, 2015. Submission requirements include:

- A 1-2 page essay indicating how you would contribute to the healthcare management education aspect of the Sacramento MBA program
- An endorsement from your current UCDHS manager
- Admitted to the Sacramento MBA program for the upcoming year
