Health Informatics Master’s Degree Program
Academic Timeline

**Fall**
- MHI 210 Introduction to Health Informatics 4 units
- MHI 209 Data Acquisition 4 units
- EPI 205 Clinical Epi and Study Design 4 units
- MHI 290 Seminars in Health Informatics 1 unit
- MHI 299 Research in Health Informatics 1-4 units

**Winter**
- MHI 289F Databases in Healthcare 4 units
- MHI 290 Seminars in Health Informatics 1 unit
- MHI 299 Research in Health Informatics 1-3 units
- MHI 212 Security in Health Informatics 2/4 units
- MHI 289I Programming in Health Informatics 3 units
- MHI 289E Clinical Knowledge for the Health Informaticist 3 units
- MHI 289H Virtual Reality, Simulation and Robotics 4 units

**Spring**
- MHI 202 Electronic Health Records 4 units
- MHI 207 Decision Support 4 units
- MHI 290 Seminars in Health Informatics 1 unit
- MHI 299 Research in Health Informatics 1-3 units
- MHI 208 Web-based EA in Health Informatics 4 units
- MHI 211V Telemed 4 units

**Summer**
- MHI 299 Research in Health Informatics 1-4 units
- SPH 210 Public Health Informatics 2 units
