(B) **Waiver of Academic Criteria for Admission.** Waivers of the minimum academic criteria for admission to the School of Medicine are granted only by the Faculty of the School through the action of the Executive Committee. Waivers are considered only for individual applicants and upon request by the Chairperson of the Admissions Committee.

(C) **Admission to Advanced Standing.** A student may be admitted by action of the Admissions Committee at a level more advanced than the regular entering level, but not beyond the beginning of Year Three, provided that the applicant meets the entrance requirements for regular status in the School of Medicine, the applicant has satisfactorily completed courses elsewhere that are substantially equivalent to those offered by the School of Medicine, and has met all other requirements necessary for the advanced status requested. An applicant for advanced standing may be required to pass a special examination to establish his/her qualifications for admission to Advanced Standing.

60. **Requirements for the Degree of Doctor of Medicine.**

(A) **Academic requirements for the degree of Doctor of Medicine are:**

(1) Students are expected to adhere to a schedule that will result in graduation 4 years after matriculation. Requests for exception to this 4-year rule require approval by the Committee on Student Progress. Failure to adhere to the 4-year timetable without written approval from the Committee on Student Progress may result in academic probation. Standing exceptions include approved leaves and approved dual degree/research tracks which require a modified curriculum. Committee on Student Progress recommendations that involve/require extensions of the 4-year rule are de facto approval of the extension time. Extension of the time allowed for satisfaction of the requirements for graduation beyond six years from time of matriculation will require specific action by the Committee on Student Progress. (Am. 11/5/85; 12/31/94; 3/26/07, 11/19/10)

(2) The candidate must have completed and successfully passed the “Pre-Clerkship Curriculum” (formerly years (1 & 2) before beginning the “Required Clerkship Curriculum/Additional Courses” (formerly years 3 & 4). The candidate must have taken and passed Step I of the United States Medical Licensing Examination before continuing the courses of the “Required Clerkship Curriculum/Additional Courses.” The candidate must have taken and passed Step II, both Clinical Knowledge and Clinical Skills components, prior to graduation. (Am. 6/22/81; 5/27/92; 6/14/99; 6/27/02; 3/26/07)

(3) The candidate must have satisfactorily completed the required clinical clerkships at either the University of California Davis Medical Center (UCDMC) or other training sites in programs approved by the clerkship Instructors of Record and the Committee on Educational Policy. (Am. 8/22/80; 12/31/94; 3/26/07)

(4) The candidate must have behaved and performed in a manner consistent with
professional standards necessary for the practice of medicine, and must have achieved the general competencies required by the School of Medicine, including established competencies in patient care, medical knowledge, interpersonal and communication skills, professionalism, system-based practice, life-long learning skills, and practice-based learning. (En. 7/1/82; Am. 11/5/85; 3/26/07)

(B) Prior to graduation the Committee on Student Progress shall present to the Executive Committee of the Faculty the list of recommended candidates for their presentation to the Faculty for action. (Am. 12/31/94)

70. Grades and Grading.

(A) The Instructor of Record of each course shall on or before the first day of instruction have provided to each student the goals and objectives of the course, including knowledge and performance standards, how the student is to be evaluated, and criteria for specific grades. The performance of a physician requires competency in interpersonal relations, integrity, dependability, communication and English language skills, as well as knowledge and technical skills. Therefore, the academic standards of every course, to the extent the course requires and can assess, shall include, but not be limited to: reliability in attendance and participation; respect for individuals; demeanor which engenders confidence by patients and colleagues; interaction and procedures with patients which are within legal and ethical bounds and meet requirements of professional supervision; ability to work effectively with classmates, faculty, and in clinical courses with housestaff, other health professionals and patients. (En. 3/20/98; Am. 3/26/07; Am. 6/19/09)

(B) The work of all students in any of the required courses in the “Pre-Clerkship Curriculum” for the M.D. degree shall be reported only in terms of two grades, P (Pass) or F (Failure), or as one of three provisional marks: I (incomplete but work of passing quality), Y (provisional, work of non-passing quality), and IP (in progress). For the “Required Clerkship Curriculum/Additional Courses” the work shall be reported in three grades, H (Honors), P, or F, or as one of three provisional marks: I, Y, and IP. (Am. 12/2/88; 1/7/92; 12/31/94; 6/14/99; 11/20/00; 3/26/07; 2/20/08)

(C) The provisional mark of Incomplete (I) shall be assigned only when the student's work is of passing quality, but is incomplete for good cause, as determined by the Instructor of Record. The student is entitled to replace the I by a P grade and to receive unit credit provided he/she satisfactorily completes the work of the course in a way specified by the Instructor of Record. If course requirements have not been completed within the time limit specified by the Committee on Student Progress, the Instructor of Record will submit an F grade. (Am. 7/1/83; 12/31/94; 3/26/07; 02/20/08)

(D) The numerical scores for courses in the “Pre-Clerkship Curriculum”, which use quantitative measures of performance, will be retained by the Office of Medical Education for at least as long as a student remains in medical school. This information is for advising purposes, remediation plans, awards and honors, or for IRB-approved educational research purposes, and will not be recorded in official transcripts. (En. 11/20/00; Am. 3/26/07)

(E) The Y is a provisional mark that will be assigned to allow a student the opportunity to remediate a deficiency and improve a failing grade. A P grade will be awarded with remediation of the Y. Failure to remediate the Y will result in an F grade. (Am. 7/1/83; 12/31/94; 3/20/98; 6/14/99; 11/20/00; 3/26/07; 2/20/08)

Each student during the course of their School of Medicine training may be assigned the Y and given the opportunity to remediate this provisional mark for a maximum total of three courses. After three Ys are accumulated, further non-passing performance according to course criteria must be assigned the F grade. (Am. 6/27/03; 3/26/07; 2/20/08)
For courses in the “Pre-Clerkship Curriculum”, until the maximum number of three Ys allowed per student has been reached, a student will be assigned a Y if they otherwise would have received an F grade following the completion of all required examinations, with the exception of failure of a course taken by Credit by Examination [70(I)(3)]. This student is to be given the opportunity for reexamination within 30 days after grades are available to the student. The Instructor of Record must assign the final grade within 45 days of the original grade. The grade assigned following completion of the reexamination is to be based either solely on the results of the reexamination or on some aggregate of all examinations as specified by the Instructor of Record at the beginning of the course. If the student decides not to take the reexamination, the Instructor of Record must submit an F grade. (Am. 6/27/02; 3/26/07; 2/20/08)

For “Required Clerkship Curriculum/Additional Courses”, until the maximum number of three Ys allowed per student has been reached, the student is to be assigned the Y if they otherwise would have received an F grade and if the Instructor of Record believes that the student might be able to meet satisfactorily the requirements of the clerkship by repeating part but not all of the clerkship. For “Required Clerkship Curriculum/Additional Courses”, each student assigned the Y must complete the clerkship requirements as specified by the Committee on Student Progress in response to the recommendations of the Instructor of Record of the clerkship. An F grade is to be assigned directly by the Instructor of Record if the student is to be required to repeat the clerkship in its entirety. (Am. 12/31/94; 3/20/98; 6/14/99; 11/20/00; 6/27/03; 3/26/07; 2/20/08)

When a student receives an F because the student has 3 prior Ys, then for purposes of remediation only, the F grade may be treated as a Y. (En. 11/19/10)

(F) For a course extending over more than one quarter, where the evaluation of a student's performance is deferred until the end of the final quarter, the provisional mark of IP (in progress, grade deferred) shall be assigned in the intervening quarters. (Am. 12/31/94; 3/20/98; 2/20/08)

(G) Repetition of courses is subject to the following conditions:

1. A student may repeat only those courses in which he/she received a grade of F, except in circumstances of G (3) below regarding students eligible for dismissal. (Am. 12/31/94; 3/20/98; 11/20/00; 3/26/07)

2. Degree credit for a course may be given only once, but the final grade assigned at each enrollment must be entered into the permanent record.

3. The Committee on Student Progress may require that a student, who is eligible for dismissal, to repeat a course or courses for which the student has received a passing grade. (En. 3/20/98; 3/26/07)

(H) All grades are final when filed by the Instructor of Record. A grade may be changed only for the correction of clerical or procedural error. The petition of a student or Instructor of Record seeking to have a grade in a professional course changed must be submitted to the School of Medicine Registrar by the end of the fifth week of instruction of the succeeding quarter after the student has been notified of the grade. Routine, uncontested grade changes requested may be recorded by the School of Medicine Registrar and be reported to the Main Campus Registrar. Contested petitions for grade changes shall be considered by the Rules, Jurisdiction and Organization Committee, who within 30 days will review the matter to ascertain whether clerical or procedural error has occurred. The decision of the Rules, Jurisdiction and Organization Committee shall be final and without appeal within the Faculty of the School of Medicine. The Dean-level administrative officer whose portfolio includes student affairs shall be responsible for reporting the decision to the parties involved and shall report any change in grade to the Main Campus Registrar. (Am. 12/31/94; 3/20/98; 3/26/07; 2/20/08)
The Instructor of Record may establish a course-specific policy that governs the student’s option to drop that course. Where a course-specific drop policy is established, it must be made available to the student in the course syllabus or in writing at the time of course enrollment. If a course-specific drop policy has not been established then the drop policy for the course defaults to the School of Medicine drop policy. Exceptions to the course-specific or School of Medicine drop policy may be granted only with the approval of both the Dean-level administrative officer whose portfolio includes curriculum and the Instructor of Record. The default School of Medicine policy allows students to drop a course at or before:

1. 40% of the scheduled course hours have been completed (scheduled course hours is defined as the number of all scheduled contact hours for that student, in that course. This includes, but is not limited to laboratory, discussion, and lecture); or,
2. 40% of the available course credits have been assigned (e.g., a course that includes ten 5 point quizzes and a 50 point final would permit a drop up to the eighth 5 point quiz), if this occurs before 40% of the scheduled course hours have been completed. (Am. 6/25/08)

(I) Credit by Examination is available to students registered in the School of Medicine under the following rules:

1. Students may apply to obtain Credit by Examination in any required course of the medical curriculum in which such credit is offered by the responsible department.
2. Application, which must occur prior to any examination that is to be used for assignment of credit, shall be presented on a form obtained from the School of Medicine Registrar and must be approved by the Instructor of Record, the Department Chairperson and the Dean-level administrative officer whose portfolio includes curricular affairs. (Am. 3/26/07; 2/20/08)
3. The grade shall be recorded for the academic quarter in which the examination for credit was taken. The Y is not permitted. (Am. 12/31/94; 2/20/08)
4. Credit by examination for a course previously taken in which a student received F as the final grade (recorded in the transcript) requires approval of the Instructor of Record and, for students on probation, approval of the Committee on Student Progress. For such students, Credit by Examination is a repetition of the course, for which degree credit will be given only once, but the grade assigned at each enrollment shall be entered into the permanent record. (Am. 12/31/94)

76. Courses and Credit Units.

(A) For other than clinical clerkships, course credit units shall be assigned at the rate of one unit for 30 hours of programmed work on the part of the student (i.e., faculty-student contact time, time required to acquire professional skills, and additional study time).

(B) (1) The calculation of credit units for courses other than clinical clerkships shall be based on the formula that one unit shall be awarded for each 10 hours of lecture, or each 20 hours of discussion, or each 30 hours of laboratory. (Am. 12/31/94)

   (2) In establishing courses for which student-patient contact is required other than clinical clerkships, additional credit units may be assigned by the Committee on Educational Policy in accordance with Regulation 76(A).

(C) For clinical clerkships, one week of full-time clerkship shall equal 1.5 credit units.
(D) Credit for all courses shall be assigned only as integer or half-integer values. If for a course the calculated value in accord with Regulation 76(B) or 76(C) is not an integer or half-integer value, the course is to be assigned the next lowest such value.

80. Remediation, Probation, Dismissal and Appeal.

(A) Remediation

(1) Remediation of an F grade requires that the course be retaken either at the next time offered in the regular schedule or by means of Credit by Examination or at a time in accord with other recommendations by the Committee on Student Progress. If a student fails United States Medical Licensing Examination Step I or II, he or she must take and complete the retake on or before the date set by the Committee on Student Progress, typically the end of the following quarter. (Am. 6/14/99; 3/26/07, 11/19/10)

(2) The term “remediation” shall be taken to mean converting a Y as specified, or retaking and passing a course for which an F grade has been received, correcting other deficiencies as specified by the Committee on Student Progress, or passing previously failed USMLE I or II (either component). (Am. 3/26/07; 2/20/08)

(3) The Committee on Student Progress may require the student to modify his/her curricular pace, if judged necessary to increase probability of academic progression. (En. 7/1/98)

(4) The Committee may recommend assessment and remediation of study skills, test-taking skills, or clinical skills, or may recommend evaluation for learning, or other disability. The Committee may also recommend psychiatric evaluation and/or counseling/psychotherapy. The Committee may require a written clearance from a Committee-approved, qualified professional before the student is allowed to return to duty. (En. 7/1/98; Am. 3/26/07, 11/19/10)

(5) A student who has an unremediated F grade or Y in a required clinical course, or who is on probation as described below, may not participate in rotations outside the course catalog unless approved by the Committee on Student Progress. (Am. 12/31/94; 3/20/98; 6/14/99; 3/26/07; 2/20/08)

(6) Under all circumstances, the deficiencies of a student who otherwise would be subject to dismissal must be removed within one calendar year of being placed on academic probation. (Am. 12/31/94; 3/20/98)

(B) Academic Probation:

(En. 7/1/98)

(1) A candidate for the degree of Doctor of Medicine must be placed on academic probation by the Committee on Student Progress for the following deficiencies: (Am. 11/19/10)

(b) A student in the “Required Clerkship Curriculum/Additional Courses” receives a Y. (En. 3/26/07; 2/20/08)

(c) A student fails the United States Medical Licensing Examination, Step I or Step II (either component). (En. 12/31/94; Am. 3/26/07)
(e) A student fails to fulfill the terms of a remediation plan approved by the Committee on Student Progress. (En. 11/19/10)

(2) A candidate for the degree of Doctor of Medicine may be placed on academic probation by the Committee on Student Progress for performance deficiencies indicating lack of professional competence.

(a) Performance deficiencies indicating a lack of professional competence include, but are not limited to the following:

(i) professional dishonesty;

(ii) failure to take adequate responsibility for patient care;

(iii) inability to work effectively with patients;

(iv) inability to work effectively with classmates or other health professionals;

(v) exceeding the authority of a student in matters of patient care;

(vi) behavior that is disruptive to class or to clinical team performance; or

(vii) other behavior of equal gravity sufficient to compromise his/her professional competence. (En. 3/20/98; Am. 3/26/07)

(viii) failure to consistently meet administrative deadlines (En. 11/19/10)

(viv) failure to abide by the Principles of Community (En. 11/19/10)

(b) A student who is deemed to exhibit any of the deficiencies stated in (a) may be considered for placement on academic probation by the following procedures: (Am. 12/31/94; 3/20/98; 3/26/07)

(i) An Instructor(s) of Record shall, in writing, apprise the Dean-level administrative officer whose portfolio includes student affairs of the student's name and the performance deficiency(ies) indicating a lack of professional competence and/or (Am. 12/31/94; 3/20/98; 3/26/07; 2/20/08)

(ii) Two or more members of the faculty or staff may submit to the Dean-level administrative officer whose portfolio includes student affairs a written petition documenting their observations and concerns relative to the student. (Am. 3/20/98; 3/26/07; 2/20/08)

(iii) The Dean-level administrative officer whose portfolio includes student affairs shall refer the matter to the Committee on Student Progress. The Committee may place the student on probation and prescribe appropriate remediation to be achieved within a specified period of time, or recommend dismissal of a student if deemed appropriate. (Am. 12/31/94; 3/20/98; 3/26/07; 2/20/08)

(3) Students placed on academic probation will be informed in writing of the specific deficiency(ies) for which probation is being imposed, the specific steps to be taken to remediate the deficiency(ies), and the duration of probation, within two weeks of notification of probation. The specific steps will include a plan that delineates the courses in which a student can and cannot enroll before the deficiency is remediated. (En. 3/20/98; Am. 06/19/09)
(4) Removal from Probation (Am. 6/14/99; 3/26/07)

(a) Any student who has received a single F grade or a Y on a clinical clerkship will be placed on probation at the time of receipt of the deficiency and be removed from probation when that deficiency is remediated. (En. 3/20/98; Am. 11/20/00; 2/20/08)

(b) Any student who is placed on probation for defined lack of professional competence, rather than academic deficiency will have a defined period of probation established by the Committee on Student Progress, and defined methods whereby the deficiency can be demonstrated to have been removed. (En. 3/20/98; 3/26/07)

(c) The Committee on Student Progress may remove a student from probation at an earlier time than initially defined but cannot extend probation unless a second circumstance occurs that is alone a sufficient cause for a student to be placed on probation. (En. 3/20/98)

(5) Promotion While on Probation

If, in the judgment of the Committee on Student Progress, a student on academic probation can remove his/her deficiency while enrolled in the curriculum of the subsequent year, the student may be promoted provisionally on a case-by-case basis, but will remain on academic probation until all deficiencies have been corrected. (Am. 3/26/07)

(C) Academic Dismissal:

Dismissal of a student from the School of Medicine may be recommended to the Dean by the Committee on Student Progress for one or more of the following reasons:

(1) A student on academic probation has failed to remove his/her deficiency within the period of time specified by the Committee on Student Progress (Am. 11/19/10)

(2) A student who, while on academic probation, accumulates another deficiency. Receiving a Y in the “Required Clerkship Curriculum/Additonal Courses” is considered a deficiency. A student who is placed on probation (see section 80.B.b) because of a Y and subsequently fails to remediate and receives an F grade in that course is considered to have failed a single course and has not accumulated another deficiency. (Am. 3/20/98; 3/26/07; 2/20/08)

(3) A student receiving a total of two F grades is subject to dismissal whether or not he/she is on probation at the time this criterion is met. (En. 3/20/98; Am. 6/14/99;11/20/00; 6/27/03; 3/26/07; 2/20/08)

(4) A student fails to pass the United States Medical Licensing Examination Step I or Step II (either component) after three attempts. (En. 6/22/81; Am. 5/27/92; 12/31/94; 3/26/07)

(5) A student on academic probation for defined lack of professional competence, other than failure in a course or clerkship, fails to demonstrate that the conduct has been corrected within the time and by the methods specified by the Committee on Student Progress. (En. 3/20/98; Am. 3/26/07)

(D) Appeal: Any student who has been dismissed may appeal in writing to the Dean of the School of Medicine. The only valid basis of appeal shall be assertion of procedural error, or of failure to
have received due process. The student must submit his/her appeal to the Dean of the School of Medicine within 30 days, which is the date of the Dean’s letter. Notice of the dismissal will be sent by certified mail to the student. The Dean must, within 14 days of receipt of the appeal, refer the written appeal and any related information to a Board of Appeal composed of the members of the Committee on Rules, Jurisdiction and Organization. This Board will examine the record and will recommend by majority vote of its entire membership, after full and fair evaluation of the appeal and the record, whether the student should remain dismissed or be reinstated. The Board shall take no longer than 60 days after its receipt of the appeal and submit its recommendation directly to the Dean. No dismissed student can be enrolled in School of Medicine courses after receiving the Dean’s dismissal letter. The Dean shall act to notify the student in writing of his or her final decision with a copy to the Committee on Student Progress Chair and School of Medicine Registrar. Students readmitted after dismissal must remediate any unsatisfactory grades which led to the dismissal, and their course of study shall be solely determined by the decision of the Committee on Student Progress. (Am. 1/7/82; 7/1/83; 12/31/94; 3/20/98; 3/26/07)

(E) Students are also subject to dismissal as disciplinary action for misconduct in violation of University, Campus, and School of Medicine rules governing student conduct. (En. 3/20/98)
