5. **UCD Recruit Overviews/In-Services:** The Office of Academic Personnel is pleased to announce that LeeAnn Clifton and the Recruitment Team (Beth Lozano and Ebony Heaven) will be providing a UCD Recruit Overviews/In-Services. Our mission is to visit with each department within the School of Medicine to provide individuals needing a refresher course, or faculty members who may want to understand the system in the role of Search Committee member; this will not be a formal Recruit training session.

Recruit is a program that was developed at the University of California, Irvine, to manage the entire faculty recruitment process, with UC Davis implementing RECRUIT in the summer of 2012.

The system allows applicants, committees and administrative staff to manage the recruitment process electronically and securely. In addition, this system provides the Office of the President accurate end- result data regarding campus recruitments.

If you are interested in participating or would like more information, then please contact LeeAnn Clifton at 916-734-3996

6. **Tips for *Mentors*:** Recommend your mentee to serve on a study section or suggest the mentee to others to help organize a conference.

Mentoring Academy Mentor and Mentee workshop information can be found on the Mentoring Academy [website](#).

7. **UC Davis First Generation Faculty Project**-A fantastic campus initiative aimed at highlighting UC Davis faculty who were first generation college students is being conducted. The goal is to demonstrate a shared experience with so many of our students to let them know they're in good company as they embark on their higher education journeys. Please contact [Roberta Campbell](#), Faculty Development and Diversity, if you are interested in participating.
