

Looking for a way to meet scientists performing exciting biomedical research?

MMI 291 SEMINAR SERIES

Emerging Challenges in Microbiology and Immunology

Current Theme: Interdisciplinary Research

“Bacterial manipulation of the host unfolded protein response”

By

Shaeri Mukherjee, Ph.D.

Assistant Professor, Department Microbiology and Immunology,
The George William Hooper Foundation, University of California, San Francisco

Friday, September 23, 2016

12:10 – 1:00 PM

**Genome and Biomedical Sciences Facility
Auditorium – GBSF 1005**
