Emerging Challenges in Microbiology and Immunology
Current Theme: Interdisciplinary Research

Dr. Barbara Shacklett
Professor
Medical Microbiology &
Immunology Department
UC Davis

“Mucosal Tissue-Resident CD8+ T-cells and HIV Immune Control”

Friday, October 27, 2017
MedSci 180C
12:10 PM – 1:00 PM

Research work: Her research group focuses on cell-mediated immune responses to HIV and other viruses in mucosal tissues, and trafficking of lymphoid cells to mucosal tissues and the central nervous system.
