Patients and their families often travel long distances to receive treatment at UC Davis Medical Center and UC Davis Children's Hospital. Finding low-cost lodging near the hospital can be important to these families, especially if the patient has a life-threatening injury or disease.

The **Kiwanis Family House**, located on UC Davis Medical Center grounds, offers inexpensive family accommodations — with individual bedrooms, kitchen facilities, bathrooms, laundry, pay phone, and hook-ups for recreational vehicles. Kiwanis Clubs from around the Sacramento region provide financial support and volunteer staff for the facility.

Residency in the Kiwanis Family House is determined by the Department of Clinical Social Services and is by referral only.

Currently the cost is $40/night. Guests must live greater than 35 miles away. A maximum of 3 guests are allowed in each room.
