The Department of Obstetrics and Gynecology at the University of California, Davis Health System seeks to recruit a full-time Family Planning Specialist. The position will be recruited at the Assistant Professor rank in the Clinical X series based on experience and qualifications.

Applicants must possess an MD or DO with clinical care experience specializing in Family Planning. Applicants must have experience with conduct of clinical trials and formal research training through a fellowship and an MPH or similar degree. Applicants should demonstrate proficiency for publishing original research, systematic reviews or meta-analyses and general review articles relevant to Family Planning. Applicants should have the ability to share original scientific information demonstrated by abstract presentations at national scientific meetings. Applicants should have experience working with NIH/NICHD-funded research as an investigator or co-investigator. International public health experience or policy work, preferably within an organization like the World Health Organization or a Non-Governmental Organization (NGO) is preferable. Ability to demonstrate active advocacy work with state or federal governments related to Family Planning is preferred. Applicants should have or be eligible to obtain a California Medical License. Applicants must have experience with training fellows, residents and medical students.

Chosen candidate will be appointed with General Gynecology and Family Planning, including provision of care at a reproductive health clinic. Chosen candidate will have direct involvement and oversight of medical students, residents and fellows for issues related to General Gynecology and Family Planning. Chosen candidate will provide mentorship as part of a formal residency and fellowship training program in Family Planning. Chosen candidate will have the potential for leadership positions within the Department and/or Health System.

Applicants must have the ability to work cooperatively and collegially within a diverse environment, and be able to adhere to policies and procedures. Salary and level of appointment will be based upon experience and qualifications.

For full consideration, applications must be received by November 1, 2015
The position will remain open until filled through April 30, 2016

To apply for the position, a Curriculum Vitae should be uploaded to
