NOTICE OF CHANGE OF SERVICE

DATE: December 16, 2010

TO: Housestaff and PCN Physicians, Faculty, and Nursing Personnel

FROM: Denis Dwyre, MD, Director of Hematopathology
       R.B. Duplantier, CLS, Supervisor, Clinical Hematology and Hemostasis

RE: Bone Marrow Laboratory Moving to SESP Laboratory Room 2P344

Bone Marrow Laboratory slide staining area housed in the Cancer Center Laboratory will move to the new SESP Laboratory (Room 2P342) January 5, 2011.

The move will improve the tracking, processing, staining and organization of the bone marrow specimens and prevent previous specimen tracking and handling problems. In addition, the move will provide more work space, improved microscopy and more staff resources.

Slides will also be provided to clinicians who want to view slides at the Cancer Center. These arrangements should be made in advance with the Bone Marrow Technician.

If there any questions please contact Denis Dwyre, MD at (916) 734-2340, or the Hematology Laboratory Supervisor, Richard Duplantier at (916) 734-2490.

APPROVED BY: Lydia P. Howell, MD
               Professor and Chair
               Department of Pathology and Laboratory Medicine
