

We have new products!

****Please note that specials are while supplies last****

Last year I spent time researching and testing new product lines to supplement our offering. Part of my motivation was to find effective products that are reasonably priced, given the financial restrictions I think most of us are faced with. I am pleased to announce that we are now offering *Image Skincare and Results RX* products. As always, you will find your *Obagi* products here. If you have found yourself purchasing OTC and are not impressed with the results, I encourage you to come look into the new product lines!

*During the month of May through the end of June we will be offering 15% off on all treatments!
(Still shopping for Mom... how about a gift certificate... or for you?)*

Our Colorescience Spring Featured Products are 30% off:

- "Tickled Pink" a lip polish, formulated to stay on for hours and never runs in the line of the lips.
- "Shock Me Pink" lip serum, springs favorite colore. It is a potent lip treatment with benefits too numerous to mention here!

We are featuring the entire Colorescience Product Line for the Month of May at 25% off!

Some products I would also like to recommend are:

Eye Candy Trio, open your eyes... includes:

- Liquid Eye Serum with an anti-aging serum that reflects to soften fine lines,
- Eyes Wide Open which lightens and brightens. Azulene reduces puffiness and antioxidants and peptides reduce dark circles,
- My Favorite Eyes Cream covers and improves dark circles with the beneficial qualities of beta carotene and vitamin K,

Box Of Chocolates Lip Glazes

Six lovely, delicious glazes that you can wear separately, over lipstick or lip polish or blend to suit yourself.
Colores include:

- Suga Baby - a toasty cinnamon spice
- Jelly Bean - the perfect apricot
- Gum Drop - a coral and peach concoction
- Taffy - a fresh natural pink
- Cotton Candy - very raspberry with a frost shine
- Chocolate Covered Cherry - the name says it all!

Distinctive ingredients: quadruple chocolate to moisturized delicate lip tissue, palmitoyl oligopeptides to plump and hydrate, mint to freshen breathe and calm the tummy!

All Colorescience Compact and Sunforgettable Orbs (15 gms) include a Free Retractable Brush with any Purchase!

The one Colorescience product that everyone should have in their handbag.... a Sunforgettable Powder sunscreen!

I will hope to see you soon!
