To get best results, Avène recommends the complete TriAcnéal DAY and NIGHT regimen for oily, acne-prone skin

DAY ☀

1 CLEANSE

Oil-Free Gel Cleanser

Gentle cleanser removes excess sebum and impurities without stripping the skin.

0% PARABEN - FRAGRANCE - SOAP - OIL - COLORANT

2 TREAT

TriAcnéal DAY Mattifying Lotion

Daily moisturizer leaves skin well hydrated while combatting oil production.

0% PARABEN - OIL

3 PROTECT

Avène Mineral Sun Care

Sun exposure triggers acne breakouts. Use broad spectrum sunscreen and other sun protection measures.

0% PARABEN - FRAGRANCE

NIGHT ☽

1 CLEANSE

Oil-Free Gel Cleanser

Gentle cleanser removes excess sebum and impurities without stripping the skin.

0% PARABENS - FRAGRANCE - SOAP - OIL - COLORANT

2 TREAT

TriAcnéal NIGHT Smoothing Lotion

Intensive skin care lotion reduces the appearance of blemishes, acne scars and signs of aging while you sleep.

0% PARABEN - OIL - SILICONE

Avène Thermal Spring Water

Breakouts can make your skin red, irritated, inflamed and in desperate need of relief. Avène Thermal Spring Water helps calm and reduce skin sensitivity, restores balance while soothing redness associated with inflammation.

TriAcnéal

Advanced clarifying solution for acne-prone skin

Skin imperfections - Acne scars

Laboratoires dermatologiques Avène PARIS

BREAKOUT BREAKDOWN

Acne is a complicated 4-phase cycle that starts beneath the skin's surface WEEKS before a breakout appears.

OIL PRODUCTION

Androgen hormones stimulate oil production in the sebaceous glands.

DEAD SKIN CELLS

Instead of sloughing off every 30 days, dead skin cells get stuck in the pores and trap the oil. The oil that doesn't mix with the cells spills over causing oily/shiny skin.

BACTERIA

The trapped oil and skin cells create an environment where naturally-occurring *P. acnes* bacteria thrives.

INFLAMMATION

As the *P. acnes* breeds within the clogged pore, the body has an immune reaction that causes a red inflammation (A.K.A pimple) or a cyst-like bump.

FACE THE FACTS

Oily skin, pimples, blackheads. These are the beginning signs of acne that can occur in adolescence and continue into adulthood.

Problematic at any age, acne is the most widespread skin condition in the U.S. It affects 40 to 50 million people a year,[1] of which 40% are adult men and women.[2]

Unpredictable and often persistent, acne requires proper care to get it under control.

INFLUENCERS OF ACNE

FAMILY HISTORY

If one or both parents had acne, the child is likely to have it too

HORMONES

Puberty, pregnancy, menstrual cycles affect oil production levels

DIET

Dairy products and carbohydrate-rich foods can trigger acne

MEDICATIONS

Drugs containing corticosteroids, androgens or lithium can worsen acne

STRESS

Does not cause acne but can worsen it

HABITS

Popping/picking pimples can cause bacteria to spread and scarring

A NEW COMPREHENSIVE REGIMEN FOR ACNE-PRONE SKIN

Introducing an advanced clarifying solution that targets skin imperfections and acne scars.

TriAcnéal DAY

MATTIFYING LOTION

Helps reduce excess sebum while hydrating and soothing the skin. Non-irritating formula can be used with other acne treatments.

SMOOTHING LOTION

Minimizes the appearance of blemishes and residual scarring while providing radiant, youthful skin.

TriAcnéal NIGHT

SYNERGY OF KEY INGREDIENTS IN DAY AND NIGHT FORMULAS

PCC Enzyme

- Effectively exfoliates and smoothes skin
- Helps reduce appearance of blemishes
- Respects the skin's pH, excellent tolerance

1% PCC Enzyme is gentler and just as efficient as 6% Glycolic Acid[1]

PCC ENZYME 1% = 6% GLYCOLIC ACID

PATENTED Diolényl

- Minimizes appearance of redness and calms irritation caused by acne breakouts
- Visibly reduces blemishes
- Promotes healthy skin environment

Avène Thermal Spring Water

- Soothes, softens and comforts the skin
- Restores skin's natural balance

Glyceryl Laurate

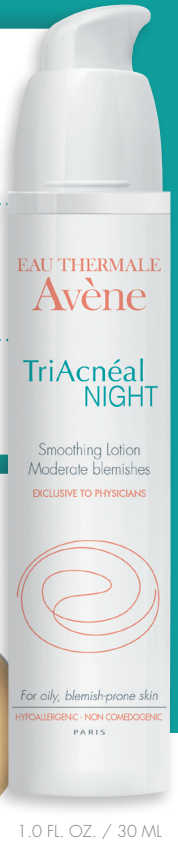
Unique to DAY formula

- Helps regulate oil production
- Helps neutralize shine

Retinaldehyde

Unique to NIGHT formula

- Minimizes appearance of acne scars
- Improves uneven skin tone and restores radiance



1.3 FL. OZ. / 40 ML

1.0 FL. OZ. / 30 ML

HYPOALLERGENIC • NON-COMEDOGENIC • OIL-FREE • PARABEN-FREE • AHA/BHA-FREE
