

LiHong Qi, M.S., Ph.D.

Clinical Interests	Dr. Qi's research interests include: design and analysis of genetic association studies, admixture analysis, cancer and autism research, survival analysis, modeling missing data and measurement error problems.
Title	Associate Professor, PhD
Specialty	Public Health Sciences- Division of Biostatistics
Department	Public Health Sciences
Division	Public Health Sciences
Address/Phone	UC Davis School of Medicine - Medical Sciences 1C, Suite 145 Davis, CA 95616
Languages	Chinese (Mandarin)
Education	M.S., University of Washington, Seattle, Washington, 2000 Ph.D., University of Washington, Seattle, Washington, 2003 M.S., Florida State University, Tallahassee, FL, 1998 B.S., Liaoning University, Liaoning, 1993 M.S., Peking University, Beijing, 1996
Professional Memberships	American Society of Human Genetics American Statistical Association CAUCUS for Women in Statistics International Genetic Epidemiology Society Western North American Region of the International Biometric Society (WNAR/IBS)
Honors and Awards	Academic Senate Research Travel Award, University of California Davis, Davis, CA, 2011 WNAR/IMS Student Paper Award, 2004
