

Christian Sandrock, M.D., M.P.H.

Philosophy of Care	Dr. Sandrock believes in a patient-driven and centered approach that focuses on holistic care, including family support, alternative therapies, religion, lifestyle practices, cultural practices and other modalities in conjunction with conventional therapies.
Clinical Interests	Dr. Sandrock has clinical interests in respiratory infections, community-acquired and viral pneumonia, and ICU-acquired infections. His research interests include emerging infectious diseases at the animal and human interface, particularly respiratory infections such as avian influenza, SARS, and other diseases acquired by humans.
