

## Michael A. Rogawski, M.D., Ph.D.

**Clinical Interests** Cellular neurophysiology of ion channels; neurological therapeutics, with an emphasis on antiepileptic drugs and other epilepsy treatment approaches; treatment of traumatic brain injury and post-traumatic epilepsy.

Clinical Focus  
Epilepsy, Headache

**Title** Director-Center for Neurotherapeutics Discovery and Development  
Professor

**Specialty** Neurology

**Department** [Neurology](#)

**Division** Neurology

**Address/Phone** Lawrence J. Ellison Ambulatory Care Center,

**Education** M.D., Yale University School of Medicine, New Haven, Connecticut, 1980  
Ph.D., Yale University, New Haven, Connecticut, 1980  
B.A., Amherst College, Amherst, Massachusetts, 1974

**Internships** Yale University School of Medicine, Waterbury Hospital, New Haven, Connecticut, 1980-1981

**Residency** The Johns Hopkins Hospital and Health System, Baltimore, Maryland, 1982-1985

**Fellowships** National Institute of Neurological and Communicative Disorders and Stroke, Bethesda, Maryland, 1981-1984

The Johns Hopkins Hospital and Health System, Baltimore, Maryland, 1982-1985

**Professional Memberships** American Academy of Neurology  
American Epilepsy Society  
American Neurological Association  
American Society for Experimental Neurotherapeutics  
American Society for Pharmacology and Experimental Therapeutics  
Past-president, American Society for Experimental Neurotherapeutics  
Society for Neuroscience  
Special Government Employee, Peripheral and Central Nervous System Drugs Advisory

## Michael A. Rogawski, M.D., Ph.D.

Committee, Center for Drug Evaluation and Research, Food and Drug Administration

### Honors and Awards

Certificate of Appreciation, Society for Neuroscience, 2006

Certificate of Appreciation, American Epilepsy Society, 2003

Killam Lecture, Montreal Neurological Institute, 2001

Epilepsy Research Award, American Society for Pharmacology and Experimental Therapeutics and the International League Against Epilepsy, 1994

National Institutes of Health (NIH) Director's Award, 1993

William G. Lennox Lecture, American Epilepsy Society, 2009

Service Award, American Epilepsy Society, 2011
