

Radhika Nandur Bukkapatnam, M.D.

Philosophy of Care	Trained at UC Davis with a robust background in research and Women's Cardiovascular Medicine, my philosophy is to apply cutting edge medical knowledge to individualized medicine. I am a big believer in prevention and awareness which seems to cut down the progression of heart disease. I believe that partnering with patients about their cardiac conditions and tapping into the vast resources at UC Davis helps my patients thrive.
Clinical Interests	Dr. Nandur's interests include preventive cardiology, Adult congenital heart disease, Pregnancy and heart disease, Systolic and diastolic congestive heart failure, Coronary artery disease and atrial fibrillation.
