

## James Moore, M.D.

### Philosophy of Care

I am grateful to serve in the field of Family Medicine as it allows me to deliver outstanding medical care to a wide range of patients that include newborns, pre-teens, teens, adult and geriatric patients.

I view the patient-to-physician relationship as a team partnership that collaborates to come up with the best solutions. I also believe that delivering medical care in a prompt, friendly and non-judgmental way is paramount to developing long-term mutual relationships.
