

Don H. Nguyen, D.O.

Philosophy of Care

As an internal medicine physician, Dr. Nguyen has a holistic approach when it comes to patient care. His Philosophy of care includes treating patients the way he would like his own family to be treated. He wants to serve as their healthcare advocate and to establish a long mutual partnership based on trust and respect. A great physician solves problems not by deploying multiple tests and medications but by listening to his/her patients. In his practice, Dr. Nguyen emphasizes a healthy life style, preventive medicine, and early interventions. He strongly believes in leveraging technology to deliver more efficient and effective healthcare for his patients.
