

## Ruben Fragoso, M.D., Ph.D.

### Philosophy of Care

Undergoing radiation treatments can be scary and overwhelming. Each patient has a unique situation involving their specific diagnosis and the treatment of their disease. It is important to recognize the patient's unique issues in order to provide care for the patient as a whole person. It is also important to help patients understand their diagnosis so that they can make more informed decisions and understand their care.

### Clinical Interests

Dr. Fragoso's main clinical activities involve the treatment of both benign and malignant central nervous tumors that can arise in the adult and pediatric populations. Radiation treatment techniques include Gamma Knife radiosurgery and fractionated radiation radiotherapy (3D or IMRT). Medical interests revolve around the better understanding of gliomas, particularly high grade gliomas.

Glioblastoma multiforme (GBM), a WHO grade IV glioma, carries a poor prognosis for which there have been modest therapeutic advances. My area of interest and research is focused on targeting specific cancer cells that are thought to perpetuate the tumor within the GBM itself. These "cancer stem cells" tend to be resistant to treatment. We are studying ways in which these cells can be targeted specifically and destroyed.

**Title** Assistant Professor

**Specialty** [Cancer, Radiation Oncology](#)

**Department** [Radiation Oncology](#)

**Division** Radiation Oncology

**Clinic** UC Davis Cancer Center

**Center/Program Affiliation** [UC Davis Comprehensive Cancer Center](#)

**Address/Phone** UC Davis Comprehensive Cancer Center, 4501 X St. Suite 0140 Sacramento, CA 95817  
**Phone:** 800-362-5566

**Additional Phone** Physician Referrals: 800-362-5566

**Languages** Spanish

**Education** M.D., Harvard Medical School, Boston, Massachusetts, 2004  
Ph.D., Harvard Medical School, Boston, Massachusetts, 2004

## Ruben Fragoso, M.D., Ph.D.

B.A., Princeton University, Princeton, New Jersey, 1992

**Internships** Morristown Memorial Hospital, Morristown, New Jersey, 2005

**Residency** Thomas Jefferson University Hospital, Philadelphia, Pennsylvania, 2009

**Professional Memberships** American Association of Cancer Research  
American College of Radiation Oncology  
American Society of Therapeutic Radiology and Oncology  
Radiological Society of North America
