

Robert M. Tamurian, M.D.

Clinical Interests Dr. Tamurian's clinical interest focuses on bone and soft tissue tumors, while offering general arthroscopic and arthroplasty reconstructive services. His research interests focus on bone and soft tissue sarcomas, novel therapeutics for the treatment of osteosarcoma and ewing's sarcoma of bone, endoprosthetic reconstruction techniques and education delivery systems, biomechanics of metastatic disease, clinical trials using multimodal therapy for soft tissue sarcomas.

Philosophy of Care

As a dedicated sarcoma surgeon, my philosophy of care is for preservation of life and limb while battling aggressive musculoskeletal benign and malignant tumors. I constantly strive to improve the functional outcomes of my patients through continued development of limb sparing surgical techniques. Current state of the art sarcoma and cancer care is centered around treating the entire patient and it is with constant collaboration among affiliated cancer experts that we can achieve the best possible results for our patients and their families.

Title Assistant Professor

Chief of Orthopaedic Oncology

Specialty [Cancer](#), Orthopaedic Surgery, Orthopaedic Surgery - Orthopaedic Oncology

Department Orthopaedic Surgery

Division Orthopaedic Surgery

Center/Program Affiliation [UC Davis Comprehensive Cancer Center](#)

Address/Phone Lawrence J. Ellison Ambulatory Care Center, Orthopaedic Surgery, 4860 Y St. 3800 & 1700 (Clinic) Sacramento, CA 95817

Phone: 916-734-2700

Additional Phone Physician Referrals: 800-4-UCDAVIS (800-482-3284)

Education M.D., State University of New York, Upstate Medical Center, Syracuse, New York, 1998
B.S., Bingham University, Bingham, New York, 1994

Internships University of Michigan, Ann Arbor, MI, 1999

Residency University of Michigan, Ann Arbor, MI, 2003
