

## Regina F. Gandour-Edwards, M.D., M.H.S., M.S.

<b>Clinical Interests</b>	Regina Gandour-Edwards' expertise is in general surgical pathology with an emphasis on urologic cancers and head/neck cancers. She is leader of the Cancer Center Biorepository and has recently published studies relative to patient consenting issues and specimen quality in breast cancer. She has a joint appointment in Urology and has several years of collaboration with the prostate cancer program involving mechanisms of prostate cancer initiation and progression.
