

Regina F. Gandour-Edwards, M.D., M.H.S., M.S.

Clinical Interests	Regina Gandour-Edwards' expertise is in general surgical pathology with an emphasis on urologic cancers and head/neck cancers. She is leader of the Cancer Center Biorepository and has recently published studies relative to patient consenting issues and specimen quality in breast cancer. She has a joint appointment in Urology and has several years of collaboration with the prostate cancer program involving mechanisms of prostate cancer initiation and progression.
Title	Professor Professor, Department of Pathology and Laboratory Medicine
Specialty	Surgical Pathology, Cancer , Pathology and Laboratory Medicine, Pathology - Anatomic
Department	Pathology and Laboratory Medicine
Division	Anatomic Pathology
Center/Program Affiliation	UC Davis Comprehensive Cancer Center
Address/Phone	Pathology Building, 4400 V St. Sacramento, CA 95817 Phone: 916-734-2525
Additional Phone	Phone: 916-734-2571 Physician Referrals: 800-4-UCDAVIS (800-482-3284)
Education	M.D., UC Davis School of Medicine, Sacramento, California, 1985 B.S., Georgetown University, Washington, District of Columbia, 1969
Residency	University of California, Davis Medical Center, Sacramento, California, 1985-90
Board Certifications	American Board of Pathology, Anatomic and Clinical Pathology, 1990
Professional Memberships	College of American Pathologists International Society for Biological and Environmental Repositories International Society of Urologic Pathology United States and Canadian Academy of Pathology
