

Ramsey D. Badawi, Ph.D.

Clinical Interests	Dr. Badawi is a medical physicist specializing in positron emission tomography. His current research interests include dedicated breast PET/CT, high resolution multi-modality imaging of the wrist, large axial field of view PET scanners and imaging of response to cancer therapy. Dr Badawi's research is currently funded by the NIH, the Rusch Fund for Nuclear Medicine and Philips.
Title	Associate Professor Director of Nuclear Medicine Research
Specialty	Cancer , Radiology , Radiology - Nuclear Medicine, Radiology Physics
Department	Radiology
Division	Radiology Physics
Center/Program Affiliation	UC Davis Comprehensive Cancer Center
Address/Phone	Lawrence J. Ellison Ambulatory Care Center, Radiology, 4860 Y St. Suite 3100 Sacramento, CA 95817 Phone: 916-734-0655
Education	Ph.D., University of London, London, 1998 B.S., University of Sussex, Brighton, United Kingdom, 1987 M.S., University of Sussex, Brighton, United Kingdom, 1988
Fellowships	University of Washington Medical Center, Seattle, Washington, 1998
Professional Memberships	American Association of Physicists in Medicine IEEE Nuclear and Plasma Sciences Society for Nuclear Medicine Society for the Internet in Medicine
Honors and Awards	Madame Curie Radiological Sciences Lectureship (Massachusetts College of Pharmacy and Health Sciences), 2002 Fellowship of The Society for the Internet in Medicine, 1999
