|-----------------------------------|---|
| Clinical Interests | <p>My ultimate goal is to understand how and when hypertension should be treated to improve renal health of children at risk for significant renal and cardiovascular morbidity.</p> <p>My current research is focused on the role of hypertension in the development and progression of kidney disease in children with diabetes mellitus. Since diabetes and hypertension are the most common causes of cardiovascular and kidney disease among adults, hypertensive children with diabetes mellitus represents a vulnerable population at risk to develop substantial morbidity and mortality.</p> <p>I am currently building a study cohort evaluating how often hypertension is missed in children with diabetes, what the prevalence of white coat hypertension is in children with diabetes, and what the cardiovascular consequences are of missed hypertension in children with diabetes. By concentrating on high risk children, I hope to identify the optimal management strategy for hypertension in children.</p> |
| Specialty | Pediatric Nephrology |
| Department | Pediatrics |
| Division | General Pediatrics Pediatric Nephrology |
| Center/Program Affiliation | UC Davis Children's Hospital |
| Address/Phone | Ticon II Building, 2516 Stockton Blvd. Sacramento, CA 95817 Phone: 916-734-5177 |
| Additional Phone | Physician Referrals: 800-4-UCDAVIS (800-482-3284) |
| Education | M.D., Temple University School of Medicine, Philadelphia, Pennsylvania, 1999 M.A.S., UC San Francisco, San Francisco, California, 2008 B.S., UC San Diego, La Jolla, California, 1994 |
| Residency | Loma Linda University Medical Center, Loma Linda, California, 2003 |
| Fellowships | UC San Francisco, San Francisco, California, 2007 |
| Board Certifications | American Board of Pediatrics, 2002 |

Stephanie Tram-Anh Nguyen, M.A.S., M.D.

Professional Memberships

American Academy of Pediatrics
American Heart Association
American Society of Pediatric Nephrology

Honors and Awards

National Institute of Health, Pediatric Loan Repayment Program, 2006
Pediatric Resident Teaching Award, Loma Linda University Medical Center, 2002
American Academy of Pediatrics (AAP) Resident Research Grant, 2001
AAP Resident Travel Award, 2001
Loma Linda University Pediatric Research Grant, 2000
Provost Honors, University of California, San Diego, 1994
