

Michael Choy, M.D.

Philosophy of Care	Dr. Choy feels the care of any child with heart disease should be a team approach. An integral part of the team includes the parents, who should be well informed and part of the decision process on the management of their child. The other part of the team includes his colleagues who are doctors, nurse specialists, nutritionist, and social worker. Major decisions about the care of a patient should be made by the team.
Clinical Interests	Dr. Choy's clinical expertise includes general pediatric cardiology, heart disease associated with single ventricle physiology, and heart disease associated with Down's Syndrome. He has previous research experience in cardiac embryology using the chick model.
Research/Academic Interests	Dr. Choy places a very high priority in the education of medical students and pediatric residents. His teaching time is spent both in one-on-one teaching and group didactic sessions.
Title	Professor
Specialty	Pediatric Cardiology
Department	Pediatrics
Division	Pediatric Cardiology
Center/Program Affiliation	Pediatric Heart Center UC Davis Children's Hospital UC Davis Medical Group
Address/Phone	Pediatric Heart Center, 2315 Stockton Blvd. Sacramento, CA 95617 Phone: 916-734-3456
Additional Phone	Physician Referrals: 800-4-UCDAVIS (800-482-3284)
Education	M.D., Washington University School of Medicine, St. Louis, Missouri, 1980 B.S., UC Davis, Davis, California, 1976
Residency	University of Michigan, Ann Arbor, Michigan, 1983
Fellowships	University of Michigan, Ann Arbor, Michigan, 1986
Board Certifications	American Board of Pediatrics, 1986 American Board of Pediatrics, Pediatric Cardiology, 2014
Professional Memberships	American Heart Association

Michael Choy, M.D.

Honors and Awards

Outstanding Faculty Teaching Award, 2011
Alpha Omega Alpha Honors Medical Society, 1991
Outstanding Attending Faculty, 1988
Outstanding Teaching Award, 1983
