

John C. Rutledge, M.D.

Clinical Interests	John C. Rutledge is an expert in atherosclerosis and lipid disorders. He specializes in preventive cardiology, lipid disorders and reversal of atherosclerotic cardiovascular disease. His current laboratory research includes biology of the vascular wall.
Title	Professor Vice Chair of Research, Internal Medicine
Specialty	Cardiology , Cardiovascular Medicine , Internal Medicine
Department	Internal Medicine
Division	Cardiovascular Medicine
Center/Program Affiliation	Cardiovascular Services
Address/Phone	Lawrence J. Ellison Ambulatory Care Center, Cardiology Clinic, 4860 Y St. Suite 0200 Sacramento, CA 95817 Phone: 800-282-3284
Additional Phone	Physician Referrals: 916-734-5678
Education	M.D., Baylor College of Medicine, Houston, Texas, 1976 B.A., University of Texas, Austin, Texas, 1972
Internships	University of Tennessee, Memphis, Tennessee, 1976-77
Residency	University of California, Davis, Medical Center, Sacramento, California, 1979-81
Fellowships	University of California, Davis, Medical Center, Sacramento, California, 1981-83
Board Certifications	American Board of Internal Medicine, 1983 American Board of Internal Medicine, Cardiovascular Disease, 1985
Professional Memberships	American Association for the Advancement of Science American College of Cardiology, Fellow American College of Physicians American Federation of Clinical Research American Heart Association American Heart Association, Fellow, Council on Arteriosclerosis, Thrombosis & Vascular Biology

John C. Rutledge, M.D.

Honors and Awards

American Heart Association, Fellow, Council on Circulation
American Heart Association, Fellow, Council on Clinical Cardiology
California Heart Association
Chair, Graduate Group in Physiology, 1998
M.D.-Ph.D. Selection Committee, University of California, Davis, 1997
Chairman, Peer Review Committee; American Heart Association, Western States Affiliate, 1997
Associate Editor, Journal of Preventive Cardiovascular Medicine, 1997
Career Development Committee, Federation of American Society of Experimental Biology, 1996
Fellow, Council on Circulation; American Heart Association, 1996
Research Committee; American Heart Association, Western States Affiliate, 1996
Peer Review, National Institutes of health; Pathology A Study Section (October , 1996; June, 1997; February, 1998), 1994
Steering Committee, Physiology Graduate Group; University of California, Davis, 1994
Peer Review Committee; American heart Association, Western States Affiliate, 1994
Fellow, Council on Clinical Cardiology; American Heart Association, 1992
Fellow, Council on Arteriosclerosis and Thrombosis; American Heart Association, 1992
