

William J. Bommer, M.D.

Clinical Interests	William J. Bommer clinical interests focus on sonography (thoracic esophageal and gastric imaging) and intraluminal echocardiography. Bommer is evaluating risk factors for preclinical disease, morbidity and mortality in patients aged 65 or older. His diagnostic cancer modalities include a mouse tumor model with human tumors, using echo contrast and super paramagnetic agents to target tumors. Other projects involve computer simulation of blood-flow models in finite difference analysis, restenosis prevention with time-release oligonucleotide site-specific delivery, bronchial airway circulation, and new contrast agents.
Title	Director of Noninvasive Services Professor
Specialty	Cardiology , Cardiovascular Medicine , Internal Medicine
Department	Internal Medicine
Division	Cardiovascular Medicine
Center/Program Affiliation	Cardiovascular Services
Address/Phone	Lawrence J. Ellison Ambulatory Care Center, Cardiology Clinic, 4860 Y St. Suite 0200 Sacramento, CA 95817 Phone: 800-282-3284
Additional Phone	Physician Referrals: 916-734-5678
Education	M.D., State University of New York School of Medicine, Buffalo, New York, 1972 B.A., Cornell University, Ithaca, New York, 1968
Internships	State University of New York, Buffalo, New York, 1973
Residency	State University of New York, Buffalo, New York, 1975
Fellowships	Martinez VA Hospital , Martinez, California, 1977 University of California, Davis Medical Center, Sacramento, California, 1977
Board Certifications	American Board of Internal Medicine, 1975 American Board of Internal Medicine, Cardiovascular Disease, 1977
Professional Memberships	American College of Cardiology
