

Jay V. Solnick, M.D., Ph.D.

Philosophy of Care	I seek to provide high value care in a thoughtful and compassionate manner.
Clinical Interests	Dr. Solnick specializes in adult infectious diseases.
Research/Academic Interests	Dr. Solnick receives NIH funding for his research laboratory that studies the gastric pathogen helicobacter pylori, which causes peptic ulcer disease and gastric cancer.
Title	Professor
Specialty	Infectious Diseases, Internal Medicine, Medical Microbiology and Immunology
Department	Internal Medicine Medical Microbiology and Immunology
Division	Infectious Diseases Medical Microbiology and Immunology
Center/Program Affiliation	UC Davis Comprehensive Cancer Center
Address/Phone	Lawrence J. Ellison Ambulatory Care Center, Infectious Diseases Clinic, 4860 Y St. Suite 0101 Sacramento, CA 95817 Phone: 916-734-2737 UC Davis Medical Center, 2315 Stockton Blvd. Sacramento, CA 95817 Phone: 800-2-UCDAVIS (800-282-3284)
Additional Phone	Physician Referrals: 800-4-UCDAVIS (800-482-3284)
Languages	Spanish
Education	M.D., Columbia University, College of Physicians and Surgeons, New York, New York, 1986 Ph.D., University of North Carolina, Chapel Hill, North Carolina, 1977 B.A., UC San Diego, La Jolla, California, 1971
Internships	Internal Medicine, Stanford University, Palo Alto, California, 1986-87
Residency	Internal Medicine, Stanford University, Palo Alto, California, 1987-89
Fellowships	Microbiology, Pasteur Institute, Paris, 1993-1994 Infectious Diseases, Stanford University, Palo Alto, California, 1989-94

Jay V. Solnick, M.D., Ph.D.

Board Certifications

American Board of Internal Medicine, 1989
American Board of Internal Medicine, Infectious Disease, 2010

Professional Memberships

American Society of Microbiology
Fellow, Infectious Diseases Society of America

Honors and Awards

Charter Member, GMPB NIH Study Section, 2010
