

Suzanne S. Teuber, M.D.

Clinical Interests	Suzanne Teuber specializes in allergy and clinical immunology with a particular interest in food allergies of all types and anaphylaxis. She aims to ensure that each patient is armed with knowledge of triggers and exacerbating factors as well as how to avoid accidental exposures and have a plan of action. Her research is in the area of characterizing tree nut and seed allergens, and investigating cross-reactivity among nuts, seeds and legumes. She is the training program director for the Allergy and Immunology Fellowship Program at UC Davis.
