

Michael Trifiro, M.D.

Philosophy of Care	Dr. Trifiro's approach to women's health is to educate his patients about their healthcare and together develop a plan that achieves each individual woman's goals. He provides all general obstetrics and gynecology care and has particular interests in minimally invasive surgery and treatment of gynecologic conditions such as endometriosis, fibroids, and abnormal menstrual bleeding.
Clinical Interests	Dr. Trifiro provides complete women's healthcare in all general obstetrics and gynecology. He has particular interests in both minimally invasive surgery and medical management of gynecologic conditions such as endometriosis, fibroids, and abnormal menstrual bleeding.
