Jasper Yik, Ph.D.

Clinical Interests Regulation of gene expression during chondrocyte differentiation from stem cells. Identification of novel transcription factors important for chondrogenesis and cartilage homeostatis.

Specialty Orthopaedic Surgery

Department Orthopaedic Surgery

Division Orthopaedic Surgery

Address/Phone Research I , 4635 2nd Ave. Sacramento, CA 95817

Education Ph.D., University of Oklahoma, Health Sciences Center, Oklahoma City, Oklahoma, 2002
B.S., University of Central Oklahoma, Edmond, Oklahoma, 1995
