

## Rolando F. Roberto, M.D.

<b>Clinical Interests</b>	Rolando F. Roberto specializes in adult and pediatric spine surgery. He treats diseases of the spine, including scoliosis, lumbar spinal stenosis, herniated discs of the cervical and lumbar spine, in patients from birth through advanced age. Roberto's research focuses on brace treatment of scoliosis, modern surgical methods of scoliosis treatment, and treatment of spinal trauma. He is fluent in Spanish.
<b>Title</b>	Associate Clinical Professor Orthopaedic Residency Program Director
<b>Specialty</b>	Orthopaedic Surgery - Spinal Disorders
<b>Department</b>	Orthopaedic Surgery
<b>Division</b>	Orthopaedic Surgery
<b>Center/Program Affiliation</b>	<a href="#">Spine Center</a>
<b>Address/Phone</b>	Cannery Building, Spine Center, 3301 C St. Suite 1500 Sacramento, CA 95816 <b>Phone:</b> 916-734-7463
<b>Additional Phone</b>	Physician Referrals: 800-4-UCDAVIS (800-482-3284)
<b>Languages</b>	Spanish
<b>Education</b>	M.D., UC Irvine College of Medicine, Irvine, California, 1989 B.S., UC Irvine, Irvine, California, 1985
<b>Internships</b>	University of Illinois, Chicago, Illinois, 1989-90
<b>Residency</b>	University of Illinois, Chicago, Illinois, 1990-94
<b>Fellowships</b>	Minnesota Spine Center, Minneapolis, Minnesota, 1994-95
<b>Board Certifications</b>	American Board of Orthopaedic Surgery, 1997 American Board of Orthopaedic Surgery, recertification, 2007
<b>Professional Memberships</b>	American Academy of Orthopaedic Surgeons North American Spine Society Scoliosis Research Society

## Rolando F. Roberto, M.D.

### Honors and Awards

Outstanding Faculty Award, Department of Orthopaedic Surgery, UC Davis Medical Center, Sacramento, 2010

Outstanding Faculty Award, Department of Orthopaedic Surgery, UC Davis Medical Center, Sacramento, 2005

Outstanding Faculty Award, Dept. of Orthopaedics, University of Arizona. Teaching award conferred by graduating residents., 2002

Outstanding Faculty Award, Dept. of Orthopaedics, University of Arizona, 2000

President's Undergraduate Fellowship Recipient. National award funding research of DNA sequence analysis of *D. melanogaster dopa decarboxylase gene.*, 1984
